# **Cable Communications Plan**

## MISSION STATEMENT

The mission of the Cable Communications Plan is to manage the County's Cable Television Franchise Agreements and the Cable Special Revenue Fund by ensuring that cable services in Montgomery County are of high quality; that applicable consumer protection is enforced; that quality Public, Educational, and Governmental (PEG) programming is provided; and that related telecommunication issues are coordinated and monitored.

### **BUDGET OVERVIEW**

The Cable Communications Plan consists of three elements: the Cable Office appropriation (\$8,082,690), transfers to the County General Fund (\$2,203,240), and transfers to the County Capital Improvements Program (CIP) (\$1,000,000) for a total use of fund resources of \$11,285,930. Within the Cable Office appropriation of \$8,082,690, personnel costs comprise 15.4 percent of the budget for seven full time positions for 12.5 workyears. Operating expenses account for the remaining 84.6 percent of the FY05 budget.

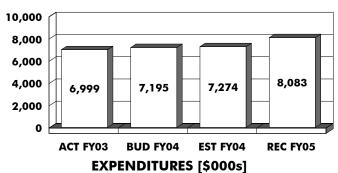

In FY05, there are three transfers to the General Fund for the following:

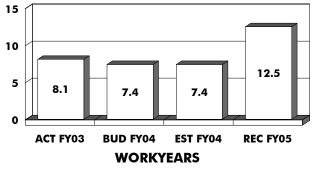

- Montgomery College Funds are transferred from the Cable Fund to the General Fund and then to the Montgomery College Cable Fund. This transfer of \$848,000 is an increase of \$77,000 or 10 percent over the FY04 amount of \$771,000.
- Montgomery County Public Schools Funds are transferred from the Cable Fund to the General Fund and then to the Montgomery County Public Schools Cable Fund. This transfer of \$1,177,000 is an increase of \$75,000 or 6.8 percent over the FY04 amount of \$1,102,000.
- Indirect Costs Funds are transfered to the General Fund to cover the cost of certain administrative services provided by the County to the Cable Fund. This transfer of \$178,240 is used to defray expenses incurred by departments providing services to special funds.

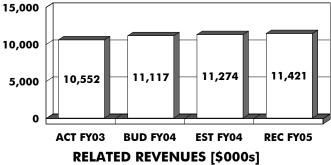

County Cable Operations and Fibernet Operations - In prior years funds were transferred from the Cable Fund and appropriated in the budgets of the Office of the County Attorney, the County Council, the Public Information Office, and the Department of Technology Sevices. In order to better track expenditures within the Cable Television Special Fund, the appropriation for these services will show in the Cable Communications Plan starting in FY05. Activities will still be performed within the individual departments and costs associated with these activities will be charged directly to the Cable Fund.

#### PROGRAM DESCRIPTIONS

# Cable Franchise Administration & Consumer Protection

The Department of Technology Services is responsible for administering the Cable Television Agreements for the County and participating municipalities. The responsibilities associated with franchise administration include:

- Ensuring cable operator compliance with franchise financial, technical, and construction requirements and managing franchise renewal and transfer process;
- Investigating and resolving subscriber complaints;
- Administering the contracts to provide for public access to cable production services;
- Evaluating channel use and providing liaison, support, and record keeping on performance of the PEG channels;
- Preparing the annual Cable Communications Plan;
- Collecting franchise fees, grants, and other payments to the County;
- Distributing franchise fees, grants, and other payments to the participating municipal co-franchisors;
- Directing and coordinating the Telecom Facilities Siting Committee.
- Supporting the Cable Communications Advisory Committee;
- Resolving issues regarding cable and communications technology for Montgomery County government;
- Monitoring and commenting on changes in State and Federal telecom regulations, rate structure, and related legislative issues;
- Encouraging entry of competitive providers of telecommunication services and negotiating and reviewing proposed franchises for use of the public right-of-way; and
- Administering and managing contracts and programming for the County Government Channel.

The budget for franchise administration includes funds for cable

management staff, engineering consulting services for ongoing inspection and testing of the cable system, engineering consulting services for the identification and provision of future technologies, and other office operating expenses.

#### **FY05** Recommended Changes

	Expenditures	WYs
FY04 Approved	1,260,650	7.4
Miscellaneous adjustments, including negotiated compensation changes, employe benefit changes, and changes due to staff	е	
turnover	45,040	0.0
FY05 CE Recommended	1,305,690	7.4

Not included above is a transfer of \$178,240 to the General Fund to cover the cost of certain administrative services provided by the County to the Cable Fund.

# Cable Legal Representation - Outside Prof. Services

Funds will be used to pay legal and financial consultants for work which requires special expertise. Activities include the preparation of filings on behalf of the County before the Federal Communications Commission and the Public Services Commission, interpretation of legislative proposals, and County representation in negotiations with other providers.

### FY05 Recommended Changes

	<b>Expenditures</b>	WYs
FY04 Approved	350,000	0.0
Shift: Legal consultation support from the Office of County Attorney	67,000	0.5
Reduce: Consultant services	-25,000	0.0
FY05 CE Recommended	392,000	0.5

In prior years, funds to cover legal consultation were not appropriated in the Cable Office but were transferred from the Cable Fund and appropriated in the budget of the Office of the County Attorney.

In order to better track expenditures within the Cable Television Special Fund, the appropriation for legal consultation will show in the Cable Communications Plan starting in FY05. Activities will still be performed within the Office of the County Attorney. Costs associated with these activities will be charged directly to the Cable Fund.

## **Community Access to Cable**

The Office of Cable Communications administers a contract with Montgomery Community Television (MCT) through which MCT operates two channels on the cable television systems. MCT's primary mission is to provide public access training and equipment for County residents and community groups to create and sponsor programming of their choice. MCT also produces other public affairs programming and acquires programs of interest to particular groups in the County.

## **County Cable Montgomery**

The Office of Cable Communications in the Department of Technology Services manages County Cable Montgomery (CCM), the government access channel. CCM airs programming produced by the Executive and Legislative branches to keep viewers abreast of County programs and services for the citizens, residents, visitors, and businesses in the community. The Information Officer of the County Council develops programming for the Legislative branch. Broadcasts include live Council meetings, informational programs, documentaries, press conferences, and town hall meetings. The Office of Public Information develops Executive branch programming which include special events, press conferences, and shows highlighting services and activities. CCM is also responsible for monitoring the video and audio signals for other Montgomery County Public, Education, and Government access channels.

FY05 CE Recommended	1,160,000	2.2

In prior years, some funds were not appropriated in the Cable Office but were transferred from the Cable Fund and appropriated in the budgets of the Public Information Office and the County Council.

In order to better track expenditures within the Cable Television Special Fund, the full appropriation for County Cable Montgomery will show in the Cable Communications Plan starting in FY05. Activities will still be performed within the Office of Public Information and the County Council. Costs associated with these activities will be charged directly to the Cable Fund.

## **Cable Programming for Public Schools**

The Montgomery County Public Schools (MCPS) Department of Global Access and Technology has responsibility for programming two channels. Cable TV funding from this special revenue fund partially provides for programming, channel management, and production of instructional television programs. Additional funds are requested in the operating budget of the public schools. MCPS programming includes: Board of Education meetings, in-class student programs, technology training, and televised instruction in a variety of academic areas.

These projections for the Cable TV Fund incorporate assumptions of annual resources and resource usage as well as projected end-of-year reserves available based on these assumptions. This scenario assumes that operating expenditures will experience net increases as a trend. Factors contributing to the assumed rate of increase include compensation adjustments, program and productivity improvements, and cost increases driven by inflation. This scenario represents one possible fiscal future based on the incorporated set of expenditure and resource assumptions. Other scenarios would occur if the County Executive and County Council adopted a different program plan or if the future brings different trends than presumed in the incorporated assumptions. The County Executive presents these fiscal projections as a tool for thinking about the future fiscal policy implications of the recommended program of expenditures and resources.
